Editor's Message

Welcome to issue 13. A couple of items to share with members:

○First: Bryan Ryker, author of Frederick Earl Fankhauser, The Penny Man, in which Bryan cataloged the 673 different known encased that Earl had produced. In the book he also shared pertinent facts on Earl's life and went into detail as to how the encased was produced will have a regular column starting with this issue. The column is called "Fankhauser Fun". Welcome aboard Bryan. Bryan also has another article in which he is challenging members to send him some new FAF finds. Check out both columns.

○Second, We wish to thank three more volunteers for state cataloging. Ken Hallenbech-Colorado, Harley Bissell-Illinois and Indiana and Dave Smith-New Hampshire, Vermont and Maine. Their addresses appear in the section on State Catalogers. Kindly send them complete descriptions of any encased you have from their states or follow-up after the printing with additions and corrections. We will send them whats in the ACE files when time allows. Steve Drake, Iowa cataloger, stated the

cooperation was great after the Iowa list was printed. Steve added 90 more so one can say that the collectors of the great state of Iowa really came through. Alaska also picked up a few, thanks to Bryan Phillips, Jim Lawniczak and Chuck Berger. Hawaii added one. Speaking of the great state of Hawaii, Al Catz, shares the new listing and again contributes a nice informative article in this issue. Check this out as well. ACE also received several population reports from members which also is very helpful.

○Third: Jim Lawniczak, a well known contributor to The Casement helped with the D.C. and Delaware listing. A piece from Jim's encased price list, titled- "Cut Above Coins" on the National Lead Company is included in this issue. Members who wish to get Jim's list should write him at P.O. Box 14465, Cleveland, Ohio. Also, Jim is the cataloger for the great state of Ohio. Kindly send him your list.

○Fourth: We gained 18 new members since the last issue thanks to Jim Lawniczak, Steve Drake and Patrick Whalen. Jim's advocates joining ACE to his customers and Steve is handling the sale of his club's encasements. As Steve receives orders he encloses an ACE

application. Bryan Ryker's club is also selling some encasements. Information on both sales are elsewhere in this issue. (A good number of Bryan's club encasements are sold out or maybe all are by now.) Bryan Ryker also encourages membership to ACE on his Web page. With our 18 new members (welcome all) two new states were added, North Carolina and Rhode Island. Presently there are 37 states where one or more ACE members reside. That leaves us with 13 states with no ACE members but with Steve's, Jim's, Patrick's and Bryan's help it will just be a matter of time. The 13 states left are: AK,AL,AR,GA, MS, MT,NV,NM,ND,TN,UT,VT and WY.

○Fifth In this issue is a listing of encased thus far cataloged from Delaware, D.C., Florida, Georgia and Kansas. The later three are in pretty good shape thanks to Randy Partin and Larry Oller. Andy Cosgrove sent a list from Delaware which is a good start and Jim L. did the same for D.C. and Delaware. Unfortunately, the ACE list on these later two locations is quite meager so here again we desperately need ACE member help. Issue 14 will list the encased thus far cataloged for

Editor's Message,

on't

AZ,CT,ID and IL. The ACE book is solid with Ill. but lacking the others.

Sixth: If you can make the National Token and Medal Show Sept. 5 and 6, 1998 at the Gateway Convention Center in Collinsville, Illinois please do so. It is going to be a great show. On it, we will have an ACE meeting. Time and location will be publicized at the show. The editor will have a table there as well as about 7 or 8 other ACE member dealers. Stop by and say hello and if you can make the meeting that would be great. More on the show further in this issue. Also, don't forget the ACE meeting for you New England members at the Merrimack Hotel in NH during the Sept. 18 & 19 show. ACE member Mike Macuga will host at meeting.

Seventh, Steve Drake from Nebraska and Bill Waken from Oklahoma both independently suggested that ACE produce an encasement for its members. An interesting idea that they elude to in the section "Letters from members". You can be sure this will be on the agenda for the 9/5 ACE meeting.

Best to all, Jerry B.

NEW Maverick Listing

Members are encouraged to
send encased mavericks to the
editor but not more than 50 will
be listed at one time unless there
is available space for more. (mail
bids are limited to 200 lots per
issue) Members sometimes
inquire about purchasing listed
mavericks and a reply will be
forthcoming only if the piece is
for sale.

Mavericks are numbered and
grouped with the first two letters
of the surname or major topic.
Each letter group will have its
own set of numbers and each
piece will also be numbered
according to the order received.
Also, the issue number will
follow the order number for
easier future reference.

A maverick has no indication
of town and/or state and in some
cases even the issuing business is
lacking.

looking forward to your state listing for Idaho. If I can help let me know. My e-mail address is drasok@ida.net. Thanks for your good efforts.

Dean Rasmussen

I just want ACE to know that I contributed \$25 to the ANA Convention-Summer Fund on behalf of ACE. Hopefully our club will be noted along with the other contributors to the ANA's 107th Anniversary Convention, August 5-9 in Portland, Oregon. The show will be held at the Oregon Convention Center, 777 N.E. Martin Luther King Jr. Blvd. There are always some exnumia dealers and I hope there will be again this year. I intend to scan the bourse floor for encased and intend to beat the west coast ACE members for first "dibs".

M. Allen, St. Paul

If you need somebody to be the coordinator for Colorado encased coins, I'll be happy to volunteer. To start, I would like a copy if what has already been listed and we can go from there. I didn't get that issue of The Casement as I joined shortly thereafter. I have a fair number of Colorado in my collection.

Sincerely, Ken Hallenbeck

Put me down as the cataloger of Illinois and Indiana. That will take some of the load off of you.

I saw the deadlines and will follow the format you've used for Iowa.

Spent the weekend running around buying anything cheaper than the prices given by Jim Lawniczak. Helpful.

Best Regards, Harley Bissell

We need an encasement for ACE! I am sure there is not a member out there that would not mind spending \$5 for a couple of encased cents for their collection. The rest could be sold and used for promoting A.C.E. and helping on the catalog.

Lets go for it, Bill Waken

Enclosed is a check for the next four issues of ACE.

Great paper. Lets keep in touch on NATCA.

Thank You, Jerome Panfil

The state-by-state listings are terrific. We owe our thanks to all the volunteer catalogers. By the way my e-mail address is DWLoring@aol.com

Keep up the Good Job. Enjoy the Casement.

Just a note to remind you of the upcoming token show. It is shaping up to be a very good show. We already have 44 tables sold, with 15 new dealers. So it looks like there will be lots of fresh material for everyone to look at. If you have questions or need information please give me a call.

Thanks, Larry Oller

Check to cover dues. Keep up the great work.

Enclosed is my check to re-up. Thanks so much for the work you do in publishing "The Casement". Collecting encased coins is a fun hobby.

Best Regards, Jim Treadaway

Please find enclosed my check for \$7 dues and an additional \$3 to keep the newsletter coming in the envelope.

Glad to see that good friend Bob Kirk #152 has joined our ranks. He is a respected collector of great note in West Virginia related exnumia.

Respectfully, Cecil Startcher #11

Enclosed is check for another year's dues. Encasements are my primary area of collecting now. Since the Iowa list was published I have about 90 more additions. (from 160 to 250) It just shows when info is printed, it helps everyone.

I believe the Nebraska Numismatic Association encasement is the first with a 1998 dated coin. The Omaha Coin Club will have an encasement later this month. 350-1998-D 100-1934 & 50-1934-D The 1934 dated coins are circulated.

I think A.C.E. should issue an encasement. I would be willing to pledge \$25.00 to help with the promotion. If you could get 20 members to fund that amount we could have an encasement for A.C.E. Members could be repaid once the encasement sold, or special encasements could be given to pledge members. The Nebraska Numismatic Association and Omaha Coin

Letters from Members, con't

Club had 500 encasements made for a little less than \$500.00.

Trying to get an encasement from every state. Four to go-Mississippi, New Mexico, Utah and Wyoming.

I have enclosed an application to ACE on every N.N.A. encasement purchased thru the mail. I want to update the N.N.A. offer for encasements. One 1998-S cent for \$2.00, Unc. pair 1998-D & 1956-D for \$6.00 (N.N.A. was organized in 1956) plus S.A.S.E. payable to N.N.A.

The Omaha Coin has some for sale for the 39th Annual Show Dec. 12-13. One 1998-D for \$2.00, circulated 1934 & Unc. 1998-D for \$6.00. (Omaha C.C. was founded in 1934) plus S.A.S.E. payable to the Omaha Coin Club. Both clubs use the same P.O. Box 1003, Omaha, NE 68101-1003.

P.S. The N.N.A. has sold about 50 encasements in the last 2 weeks since it was in Numismatic News.

Sincerely, Steve Drake

Enclosed is information for 69 encased that I am unable to identify by state. Can you help me out They are all Aluminum encasements. Enclosed is a SASE for your reply.

Best Regards, Jim T., Texas

Enclosed are my dues. Cheap at twice the price. Keep up the good work - a fine publication.

Richard Gaetano

Enclosed please find payment for my membership renewal in A.C.E.

~~Lately~~, I've noticed the input of some "familiar" names in the exonumia field and this should benefit the club a lot. Their knowledge is notable.

You are doing a terrific job with A.C.E. and "The Casement" and I thank you.

Gratefully, Irving Kam #26

I just discovered a clipping I cut out of a numismatic paper evidently quite awhile ago as the paper is aged very much. It is about seeking info about encased coins and regarding a book you were going to publish. I have not heard anything about it since. I would like to know if it has been published? Is it available, and where, and how much? Or are you still looking for information?

I am enclosing a SASE for your information.

Thank you in advance, Alvan Jones

On page 11, May issue, my address is listed wrong. 700 Dunn St. should be 100 Dunn St.

Your time table for the PA section, Nov., 2000 is very good. It will be a rather large listing and will take time to get together.

Herman Aqua

I would like to volunteer to be a cataloger for the book(s) on encased. I can cover NH, VT, ME. Please advise if you need help.

Dave Smith, #132

Enclosed is check for my winning bids. I'm very pleased with the results! Looking forward to the next "Casement".

It is a very interesting, and informative, news letter! Thanks

I found it difficult to find the ACE address in issue #12 in order to send you (maybe put address right on the cover?) finally found on page 12 with mail auction...

Been collecting Hawaii for over 10 years. Articles on Hawaii encased of interest to me in past issues. Thanks! Got some of my rare ones when I purchased Jim Hemphill's Hawaii collection a few years back. Like others I am always looking for Hawaii encased. Keep up the good work.

Letter 1: Another great issue of the encasement. Enclosed is my current encased price list as per your classified. I also enclosed my bids in the ACE auction. You asked for information on Alaska encased. I have two Alaska encased in my personal collection which I will describe for you.....

I recently saw 2 additional Alaska encased sold on E-Bay on the internet. I made copies of the descriptions for you. The Wrangell coin appears to be the same as the one in my collection. Also, and you may have seen this too, there were 3 Alaska encased announced in the N.W. Tams 13th annual mail bid sale in the most recent TACT. I copied the information for you.

I will send Steve Drake what I know of the Iowa encased. The

encased. Dick Grinolds had a huge Iowa consignment in his recent mail bid sale, which closed Tuesday (6/9). I noticed he had a large consignment in his prior sale, which appeared to have been picked up on the listing in the last ACE. However, I will still send Steve the information on the recent Grinolds sale. I am going through my old catalogs in order to prepare my Ohio list. In doing so I am noting any Iowa I see.

I will send you within a month or so what I have on DC encased and Delaware (not much). I don't know if I'll have time to do Florida, Georgia or Kansas. There are quite a few of those. Perhaps I can help you on those when the new lists come out. By the way, how are you going to do the DC Souvenirs? There are so many of them. I will send you a list of all I have. Would you like me to compile for you what I have seen in the auctions catalogs? In Dick Grinolds recent catalog there was a 1893 Indian cent, in a DC Souvenir encasement, which Dick claimed was the original cent although he admitted it was struck in the 1900s.

Best Wishes, Jim Lawniczak

Letter 2: I have come across a reference to another Alaskan encased - it was in the April 1997 issue of TACT, Ron Perrick's sale at 7, item 81 described.....

The Ohio catalog is coming along - I am on page 26 on the World Perfect program (haven't counted how many encased there

are). I am listing in the catalog the source of knowledge of the piece. There is going to be a lot of work verifying pieces not identified to Ohio, I plan to go to the Cleveland Public Library sometime this summer. I intend to send the first draft out to people who have helped and expressed interest this summer (probably around 8/1 or so). I did verify one 1964 Hinckley piece today by calling the number on the encased, and yes the bank was still at the same address, same phone number!

Hope all is well with you.
Jim Lawniczak

Thanks for the great work your doing with ACE and The Casement. I've enclosed a list of a few Alaska and Hawaii encased that weren't on your list.

Thanks, Bryan Phillips
(ACE #22)

Here are few neat pieces I would like to share - I especially like the German piece and the Frying pan. Its amazing what is out there. I hope when our catalog is published we can picture all the varieties and unusual pieces.

ANA/TAMS

Recently all 12 issues of "The Casement" were sent to both the

Potpourri/ Information, con't

ANA and Token and Medal Society.

Hopefully, "The Casement" will be made available to loan out to their members and in the process a few will come aboard and become an ACE.

The ANA and TAMS both have great libraries with plenty of exnumia books and dealer auction catalogs to check out. A good source for adding to State listings. All are available to members. The only cost is postage and insurance both ways.

Al Catz Hawaii Report

Hi! Once again, Al Catz, exnumia collector, reporting from Hawaii. An unlisted Hawaiian encased has surfaced! Actually, the piece, after reviewing Medcalf & Russell's Hawaiian Money book, is a variant of 2EN-49, L.H. Wong's Auto Repair, and is at the same location (3075 Waialae Ave.) with similar, but nonetheless slightly different phone number than on the L.H. Wong piece. My guess is that Mr. Wong sold the establishment (or may have passed away), and the subsequent owners renamed the shop and continued his method of advertising....by way of the encased coinage; since there was a change of phone number, perhaps my former thought of his selling the business is correct, as he retained the original number for his own use. Also, possible, this new piece is unique...a sample for Oahu Service and Repair to determine if they wanted to continue the encased

coinage ~~for their own~~ advertising purposes (but decided against the idea). 2EN-49 catalogs for \$30.00 (Note: The author "bid" over double this price to acquire the new discovery...it sold for slightly over my offer).

As for other encased that have I picked up locally of late (it always fascinates me how they've found their way onto the islands!): A well-worn, but readable, round 1901 encased, that reads, Use Dearborn Boiler Compounds....Little Savings Make Big Dividends (small letters)... "Clean Boilers"// KMAAHM. I liked the piece, although I don't often purchase encased that are this well-worn. And one other acquisition: 38mm round Lewis & Clark Exposition, Souvenir, Portland, Ore., from 1905....A Good (S)cent on Fortune/Keep Me/Be Lucky/Never Guilty when In-A-Cent! This is a "fun" piece that I may or may not already have among my holdings; however, the price was right (I thought), and the overall condition is quite acceptable, with the cent being brown XF-AU, and the encasement relatively mark-free, although a bit mottled in color.

New Shape Reported for ACE

from Al Weinberg

Al writes, Terry Hess of Clemmons, NC, a knowledgeable, longtime numismatist reports to me that he recently examined an old encased cent in a ballerina-shaped encasement. Something I've not heard of in 45 years in the hobby.

A word about National Lead from Jim Lawniczak

The encased, National Lead Co./ Anti Friction/ Babbitt Medals/ Perfection// Good Luck/ Keep Me and Prosper. Round, 38mm, 1901 cent. I have heard that the National Lead Co. had an exhibit at the 1901 Buffalo Pan American Exposition and these were given out there, but there is nothing about the fair on the encasement.

Suggested Catalog System for Souvenir pieces and Expositions

from Jim Lawniczak and Bryan Ryker

The proper catalog method for the Souvenir series would be "sv". The first in the series for Washington D.C. would be DC-WAS-SV-10, for example. This then would match the other catalog numbers. The exposition series should be noted by an X. PX (for Pan American Exposition, instead of Pae) What do ACE members think?

Encased Radioactive Dime

by Tom Casper

Most collectors of encased probably have a radioactive dime from the American Museum of Atomic Energy. The dimes, although common, are interesting because of the way they are encased. But what isn't common is the card the dimes were attached to. The card is blue with the orbits and printing on the bottom in red. The photocopy did not print well. It

Potpourri/ Information, con't

reads, Production of Radioactive Silver 110. The encased dime is pictured with the orbits drawn around the pictured encasement. The encasement is about 26mm and reads: American Museum of Atomic Energy-Neutron Irradiated. Most have blue or black lettering with the reverse being a backing of aluminum and the front is covered with plastic. Late date Mercury dimes and silver Roosevelt dimes are usually the kind that exist. On the card it further states: "This dime has been made radioactive by neutron bombardment. Radioactive silver 110 has a half life of 22 seconds. Upon decay, the silver 110 becomes cadmium 110. The Beta Radiation from this dime is so slight. There is no danger of injury." Near the bottom of the card it reads, "American Museum of Atomic Energy, P.O. Box 117, Oak Ridge, Tennessee. Operated for the United States atomic energy commission by the Oak Ridge Institute of Nuclear Studies."

Jim Lawnizak makes mention of another type in his recent price list, he writes: N.Y. World's Fair 1964 1965/ Neutron Irradiated dime, round, 45mm. Blue plastic with a 1964 dime slotted in. Supposedly, these dimes were "Neutron Irradiated" at the fair, and thus would react positively to a Geiger Counter.

Does anyone know when they started making these and whether they still are? 3581 S. 75th St., Milwaukee, WI 53220-1137

Fankhauser Fun by Bryan Ryker

Every year at Christmas during the late 1960s and early 1970s Earl Fankhauser's wife, Audrie, would put together a newsletter called Family Fun. In it she would capture a story from each child and grandchild and send a copy to all the family.

Borrowing a bit from Audrie, this is the first edition of Fankhauser Fun, a regular column featuring stories and new information on Fankhauser encased coins. For this quarter's edition I'd like to share a story that comes from Jim Lawniczak.

Jim is cataloging all encased from Ohio. He was puzzled by two Clover Leaf Plastics pieces, OH-MAN-CL-10 from Mansfield and OH-WMA-CL-10 from West Mansfield. One might think that West Mansfield would be just west of Mansfield. But it turns out West Mansfield is 60 miles away. Then he noticed that the two pieces advertised the same PO box and address - "Box 154 - 323 Park Ave. W."

The more he thought about it the less likely it seemed that Clover Leaf Plastics was in both towns. So he decided to double-check his pieces. Turns out he

had two of the West Mansfield piece, a worn one and an uncirculated one. Looking closer he discovered that someone had taken a punch and flattened out the "W" on the worn piece, trying to erase it!

From this he has concluded that the "W" on the West Mansfield piece is an error. The pieces that were delivered to Clover Leaf Plastics were "corrected" either by Fankhauser or someone at Clover Leaf Plastics. Apparently the company was unhappy with the solution, and so the second piece was made with the same date coin (1962D) and wording except for the "W".

If you have a story to share, or any new discoveries or questions about Fankhauser encased, drop me a line. It's what makes this hobby fun!

\$25 Offered

by Bryan Ryker

It's hard to believe that in the three years since publishing my catalog of Fankhauser encased coins not a single "new" piece has been discovered. Just a month before going to press our chief frog, Joel Reznick, found two pieces I didn't know of. There must be more out there!

So I'm offering \$25 to buy any "new" Fankhauser piece not listed in my book. To qualify the piece must have Earl Fankhauser's name on it and the die work must be different from those listed. While I am very interested in learning of listed pieces with different coins in them, to qualify for the \$25 offer the piece must have different wording or a different arrangement of words than the

Potpourri/ Information, con't

pieces listed in my book. This offer applies to the first copy of each new piece I receive at the address below (until I get overwhelmed, if ever). In the unlikely event of a tie I'll use the postmark to decide who was first. New discoveries will be reported in The Casement.

If anyone would like a copy of my catalog, I purchased a quantity from TAMS so I could make them available a little quicker than they do and so I could offer to sign them for those who want it. They are \$7.50 including the postage. It is 80 pages and tells the story of Earl Fankhauser's life (a very colorful individual), tells how encased coins were made and catalogs the 673 different known pieces he had made, giving background stories on some.

Happy Hunting!

End of Club Auction

**Bid any amount even or odd
amounts. Do not send money
with bids, wait until your
winning bids/invoice is
received. Bid by lot number.
Keep in mind that bids over
\$10. will be reduced if under
bid allows. (It is better to bid
\$10. then \$9.75, the latter will
not be reduced. The \$10. bid
could very well be reduced.
Good Luck.**

Note to member auction

consignors: Starting with issue
14 and all subsequent member
auctions until further notice a 5%
charge will be added to all
consignments. The income from
the 5% will go toward auction
expenses, such as postage cost
for mailing invoices, copying
charges, padded envelopes for
mailing winning lots, 2x2's, etc.
Any additional income generated
by the consignment charge will
go into the club treasury.
Example: Member A's
consignment sells for a total of
\$53.00. Member A would
receive a consignment check for
\$50.35. (\$2.65 or 5% goes to
ACE)

Issues that are 28 pages can
be printed for approximately

Note to member auction consignors (con't)

A\$1.00 each, postage is \$.55 and the envelope for mailing is \$.08. This then translates into \$6.52 a year for four issues. However, if an issue is more than 28 pages postage cost jumps to \$.78, printing to \$1.15 plus pending number of pages and mailing envelopes are \$.08 each. Cost for 4 issues now becomes \$8.04. The size of the auction contributes to the number of pages in the issue which in turn contributes to overall cost.

As for the auction, it is a popular section for about 1/4 of the membership. Each sale averages about 5 consignments and about 30 to 35 members place bids. The auction offers members a way to sell extras and provides members with a source to obtain encasements. It is a worthwhile section for many members and because of this it will remain a regular section in The Casement.
